The SECRETARY TO THE GOVERNMENT OF MADRAS,
Education and Public Health department,
Fort St.George, M a d r a s.

Through, Inspector of Municipal Councils and Local Boards. Madras.

Rc.No.Bl. 6603/47 dated 14--8--47.

Sir,

Sub:- Elementary Education Fund - Bellary Municipal Council - Revision of scales of pay - Additional expenditure - involved.---

---

Ref:- Govt. Memorandum No.52511/47-1-Cl.Edn dated 26-7-47

The information called for by Government in the Memorandum quoted above is furnished below:-

1) The actual opening balance of the Elementary Education Fund on 1-4-47. Rs. 439--3--3.

2) The additional expenditure on account of the revision of scales of pay which should include expenditure on giving retrospective effect to the scale from 1-1-47. " 4,974--0--0.

3) The anticipated closing balance for 47-48 either plus or minus. Minus Rs 4,533/- if the Revised scales of pay is given effect to from 1-1-47

4) The proposals for avoiding a deficit, if any. In the Budget Estimate for 47-48 credit is taken for the following receipts:-

(X)

1. Education tax.	Rs 12,200/=
2. Govt Grant under proviso to Sec 37.	5,075/-
3. Govt Grants under Sec.37 of the Act.	10,800.
Total Rs.	28,075/=

On account of general revision in 1947-48 the anticipated receipts under Education tax will be Rs.15,450/-. The additional income from the educational tax is likely to be realised at the end of the year. Hence an advance of Rs 5,000/- will be immediately required to meet the above extra cost advance being repayable in 2 instalments On account of this increased tax on this year the anticipated grant under Sec.37 will be Rs.13,750/- as against the figure of Rs.10,800/- Thus there will be an extra income of Rs.6,200/- in the next year with a surplus opening balance of about Rs.2,500/-. After meeting the extra cost involved in the payment of enhanced pay in the next year, there will be a surplus to repay the advance. This Municipality can therefore manage to give effect to the revised scales, if additional equipment and staff is not required for about 2 years without resorting to additional taxation.

(5)	The rate of Education tax now levied in the Municipality.	3/4% per half year.

I ~~therefore~~ therefore request that the Government may be pleased to sanction an advance of Rs.5,000/- immediately to give effect to the revised scales of pay.

From the Comm^r Bellary Mysly No. 6603/47 d 14-8-47
E.E. Fund Md. cl. Bellary -

Revised scales of pay Additional expenditure

The E.E. Fund budget of the Md. cl. Bellary for 1947-48 was expected to open with a Nil balance and to close with a Nil balance. The actual opening balance on 1-4-47 is Rs. 439. The council was not paid any subsidy towards the payment of dearness allowance to the E.E. staff last year. Revised with reference to the actual opening balance the budget will close with a surplus of Rs. 439. ✓

2. The Council incurs an expenditure of Rs. 26,420 on salaries and allowances of Teachers. An additional expenditure of Rs. 4974 has to be incurred if the revised scales of pay sanctioned in G.O No. 975 Edn. d 10 5-47 and G.O No. 1154 Edn. d 5-6-47 are given effect to. Provision has also to be made for a further expenditure of Rs. 4264 on account of advance increments. The increase in expenditure will be about 35 o/o. If provision is made for the additional expenditure the budget will close with a deficit of Rs. 8799 (8800 as rounded)

taken into account the extra expenditure involved if advance increments are granted to the T.E. staff. It is necessary to enhance the rate of education cess so as to avoid the recurring deficit in the budget. H. A. may be requested to advise whether the rate of cess may be increased by 1%.

4. If the rate of education cess cannot be increased, the entire deficit of Rs. 8 may be avoided by an adjustment of a like sum from the annual T.M. Compensation grant sanctioned to the Council during the current year or by an additional contribution from its general funds. The credit taken for a contribution from the general funds this year is only Rs. 4850 against Rs. 12,5 the amount approved in the budget for 1941-42. If the deficit cannot be avoided by either of these means an advance of Rs. 8800 may have to be paid from the Prod. funds.

this adjustment of grant & bonus to staff will be only Rs 8386 in 1947-46. This sum may be adjusted from the general funds to the E. fund. The balance of Rs 4/4 required to meet the expenditure in the E.E. fund may be ordered to be met by retrenchment in expenditure or by temporary diversion of earmarked funds. If this is done there will be no need either to increase the rate of education tax in the current year or to give an advance from provincial funds to the Council

~~E & P.H. may be carried forward accordingly~~

No balance is available under ~~the~~ cattle compensation ~~The balance will be~~

Rs
V.B.G. The closing balance in the Cattle Fund is required to be retained as a working balance for the next year

Including the expenditure on account of the grant of advance increments to the E.E.staff in this Municipality, the total additional expenditure comes to Rs.9,238 in the current year and Rs.8,000 in future years. As the E.E.Fund Budget of this Municipal Council is expected to close with a surplus of Rs.439/-, the actual deficit ~~that~~ has to be covered either by augmenting the resources or by granting an advance with reference to paragraph 5 of G.O.975, Edn., dated 10-5-1947, will be Rs.8799 or Rs.8,800 roundly. Rs 8799

3. The Council is levying education tax at the rate of 1½% on the annual rental value of the properties. E & P.H. propose and L.A. agree that the Education tax may be enhanced by 1% with effect from 1-10-1947. If this is done, it would fetch an additional income of Rs.2,815 in the current year and Rs.5,630 per annum in subsequent years. The proceeds will not be sufficient to cover the recurring expenditure in future years and if the rate of education tax is raised by 1¾ per annum, it will fetch an additional income of Rs.4678 in the current year and Rs.3985 per annum in subsequent years and it would then be possible for the municipal council to meet in future years the recurring additional expenditure on account of the introduction of the revised scales of pay and to repay the advance to be sanctioned by Government. The advance that will have to be sanctioned will then be reduced to Rs.4,800 roundly which may be recovered in three annual instalments with the usual interest charges. This department may therefore suggest that the education tax may be raised by 1¾% and that if so, the advance to be sanctioned may be limited to Rs.4,800 repayable in three annual instalments with interest at 3½%

revised scales of pay to its general staff, the rate of the property tax levied for general purposes will have to be increase from 1.4.48 There is no scope to increase the rate of Edn tax by more than 1 %. v.a. This dept may suggest that in ~~case~~ the case of this specially poor local body, ~~advance~~ the grant of advance increments to Ely Edn staff should be deferred. If this is done, 1 % increase in the rate of Edn tax will do and no advance will be necessar from Provl funds

additional receipts once no advance need paid to the Council in the current year.

G.A. draft order is submitted for approval.
